AMOEBA DESIGN (PHOTO: NAYAN SONI)

HUNDREDHANDS (PHOTO: ANDRE J FANTHOME)

ABHA NARAIN LAMBAH ASSOCIATES | MUMBAI **Abha Narain Lambah**

Project in focus: The Balasaheb Thackeray Rashtriya Smarak in Mumbai. **Upcoming projects:** Restoration of Victoria Public Hall, Chennai, and pavilions at Shalimar Bagh, Kashmir.

ABHIMANYU DALAL ARCHITECTS | NEW DELHI **Abhimanyu Dalal**

Project in focus: The 17,600-square-foot NC Sharma Hub in Mayo College, Ajmer. The seminar and conference facility, made with Jodhpur stone, uses a traditional construction method.

ABRAHAM JOHN ARCHITECTS | MUMBAI **Abraham John, Alan Abraham, Anca Florescu Abraham**

Project in focus: A villa in Goa. Old mango and banyan trees are the locus of the villa, which is shaped by the contours of the land on which it sits.

ALVA ARCHITECTS | BONA FIDE DESIGN | NEW DELHI **Ashwin Alva, Shobhna Batra**

Project in focus: The Postcard in the Himalayan Willows, a 20-room boutique hotel in Stok, Ladakh, in collaboration with Studio Pia Sodhi. It takes on the earthy tones of its context.

AMOEBA DESIGN | PUNE **Satyajeet Patwardhan, Pashmin Shah**

Project in focus: The firm's studio. From a ghongadi (a shepherd's sheep-wool blanket) that serves as a carpet and earthen grain pots to artworks from diverse sources—artists, painters, forests and bhargarwalas (scrap dealers)—they all embody a confluence of memory, travel, heritage and personal identity.

ANAGRAM ARCHITECTS | NEW DELHI **Shruti Dimri, Madhav Raman, Vaibhav Dimri**

Project in focus: A weekend retreat outside Delhi designed as three A-frame pavilions that are configured around a shared courtyard.

ANNKUR KHOSLA DESIGN STUDIO | MUMBAI **Ankur Khosla**

Project in focus: Mira and Shahid Kapoor's home in Mumbai. Khosla translated their brief into a home with meticulous detail and thoughtful design without losing out on functionality.

HUNDREDHANDS | BENGALURU **Bijoy Ramachandran, Sunitha Kondur**

Project in focus: A villa nestled in a gully overlooking Nandi Hills and surrounding forests near Bengaluru. The materials have been chosen to respond to the context, creating a feeling of camping amid the hills, particularly when the large glazed panels are opened and the house is spotlight by moonlight.

ARCHITECTURE DISCIPLINE | NEW DELHI **Akshat Bhatt**

Project in focus: A Delhi home with light and landscape as part of its materiality. The double-height living space has a timber screen suspended over it, and a façade of prefab louvre systems.

ARCHITECTURE BRIO | MUMBAI **Robert Verrijt, Shefali Balwani, Rohit Mankar**

Project in focus: A duplex in South Mumbai with interconnected living and dining areas, a wood-panelled bar, a sculptural staircase and a library.
